QUIZ CLARK'S WIDOW IN KILLING

A-Power Plant OK Asked

... AEC Lists Consumers Proposal For Electric Generator

By B. R. ROTHENBERGER

Star Staff Writer

The Consumers Public Power District announced Thursday that it had asked the Atomic Energy Commission for a license to build a Nebraska-owned and operated nuclear-powered steam electric generating plant.

It's announcement was timed with one by AEC listing four plant proposals and describing the Ne-

braska request as one calling for a 75,000 kilowatt unit to be completed in 1959.

The three others, all private power proposals, were: Western Massachusetts area 100,000 kw; Detroit area, 100,000 kw and Chicago area 180,000 kw.

Resulted From Study

Earl I. Mead, Consumers president, said his agency's proposal resulted from special studies in the field of nuclear power over a several months period under a 1954

compact with the AEC. Earlier studies in the field by Consumers led to a conviction that nuclear power would be practicable in Nebraska and that Nebraska's future would make it further desirable.

Consumers entered its formal study agreement with the AEC November 22, 1954 with assistance from the University of Nebraska and the Nebraska Resources Division.

Mead said the power district's plans call for the construction of a

sodium-graphite type of reactor which combines the features of safety and production of radioactive by-products which could greatly enlarge Nebraska's industrial activity.

Mead was not prepared to discuss plant location or costs beyond the generalization that if AEC consents then certainly the plant would be located in the most suitable place and the cost would not be greater than that required of any sound investment.

Some Aid Possible

The Atomic Energy Commission, under its licensing arrangements, provides some aid toward plant establishment but between 80 and 90 per cent of the cost is borne by the builder.

Consumers is the only public power agency thus far to enter the nuclear plant picture.

Consumers officials said that when considering AEC participation generating costs would be comparable to those of a conventional high-efficiency plant.

They stressed that the sodium-graphite type of reactor would offer maximum safety. The design has already been approved by the Reactor Safeguards Committee of the AEC.

Emerson Jones, special assistant to Ray Schacht, general manager of Consumers, said the establishment of a nuclear reactor in Nebraska would open new vistas in industries dealing in its by-products.

"It would be especially important in the field of food processing and preserving," he said. "It also has great possibilities in agronomy, general research and education. The field of radiation is expanding every day and is opening the way to innumerable industrial activities."

While the Nebraska public power agency pressed its proposal, the Atomic Energy Commission asserted that it was gratified to receive four proposals. Nebraska's included for the construction of nuclear facilities.

Congressmen In Favor

The Nebraska congressional delegation joined in supporting the power district.

Sen. Carl Curtis said members of the delegation wrote to AEC Chairman Lewis L. Strauss noting that Nebraska is an all-public power state.

The letter continued:

"It must be recognized that our nation is served by both private and public power. Neither group should be dealt with exclusively by the Atomic Energy Commission."

They promised co-operation "of all Nebraska," and said consideration should be given to atomic power uses for agriculture.

"Farm users of electricity should along with others have the benefit of the developments of power generation from atomic energy."

Benefits Spread

They said that the benefits coming to industry from such a project ought to be spread throughout the country. "This is further reason for recognizing an agricultural state which has growing infant industries and is in need of diversification."

They told Strauss they believed the Nebraska proposal would be the most economical for taxpayers.

Consumers officials said they hoped for an answer from the AEC within a few weeks.

Nathan Gold, Lincoln, chairman of the Nebraska Resources Division hailed the Consumers proposal as a thing that "would go far beyond merely furnishing needed additional electricity requirements."

The adaptation and use of the by-products of such a plant, he said, would be a great benefit to Nebraska as an agricultural state."

A LENTEN MEDITATION

The Very Rev. Carl M. Reinert, president of Creighton University at Omaha writes in today's Lenten Meditation of the search by today's youth for a new sense of values, and of the young collegian's following the sign of the Cross.

Weird Story Bared
Ex-Con Tells Of Oilman's Slaying

FORTH WORTH, Tex. (AP)—An ex-convict's bizarre story of a plot to kill a wealthy Texas oilman for \$10,000 during a fake robbery was revealed by police Thursday.

A few hours earlier, Mrs. Mary Clark, 46, pretty blonde widow of oilman William P. Clark, was arrested for investigation. Also jailed were an ex-convict and a gambler.

Clark was mysteriously slain two years ago in his 23-room mansion. He was found shot on the floor of his dressing room, a rifle nearby. A verdict of suicide was later changed to murder.

Bizarre Plot

Police said Harry Huggins, 48, one of two men being held for investigation, told them three months ago of a weird plot to kill the 61-year-old oilman.

Leroy (Tinny) Eggleston, a known gambler, was also jailed for questioning.

Officers said Huggins, a three-time ex-convict, told them a woman guaranteed "about \$10,000 and some jewelry" if Clark were slain during a fake robbery.

Huggins said he and two other men went to the Clark home May 22, 1952, and that he posed as a messenger boy to gain entrance. He said the trio forced Clark to lie on the floor, then Huggins and one other man went to search the house.

Shot Heard

He said while they were out of the room they heard a shot.

Huggins said he asked the man who remained with Clark why he shot the oilman.

"That was part of the deal," Huggins said the companion replied.

Huggins claimed the trio got \$500 and two diamond rings from the house and that later the man

-Trouble Ahead-

New Wife With Ali; No. 1 Cries

Girls Separated In Mohammed's Residence

KARACHI, Pakistan — Prime Minister Mohammed Ali brought his young wife No. 2 home. A household official said Thursday wife No. 1—the mother of Ali's two sons—spent the night alone in her room, weeping.

The Prime Minister, 46, married his Canadian-born social secretary, Aliya S. addy, 30, in Beirut, Lebanon, last Saturday. Moslems are permitted four wives, but Ali took this step against the advice of relatives who feared the effect on his personal happiness and political career.

Announcement of the wedding stirred Pakistani Moslem feminist groups. Opposed to plural marriages, they called meetings to discuss Ali's action.

The newlyweds returned from Beirut Wednesday. Ali's second wife was formally welcomed at the airport by Cabinet ministers and government officials.

Dinner Guests

Wednesday night Gov. Gen. Chalam Mohammed entertained the bride and groom at dinner and presented her a large silver dressing case. Among the guests were Cabinet ministers and their wives.

Describing Wednesday's events, Ali's household official said the Prime Minister drove directly with his new wife to the governor general's residence, where he left her. Then he went alone to his house where, without seeing his first wife, Hamida, 40, he changed to dinner clothes.

After the evening's entertainment, the newlyweds drove to the Prime Minister's house and went to his room, prepared earlier for them by servants.

Throughout Thursday while the Prime Minister was busy on official duties, his two wives remained in their own rooms. They did not admit visitors except servants. Presumably they will continue to live under the same roof—unless Hamida decides to move elsewhere.

Mrs. Edna Evans Dies At Age 70

Mrs. Edna M. Evans, 70, of 2119 Q, died Thursday night at a local hospital.

She is survived by three brothers, Frank Laughlin of Lincoln, Charles of Denver, and Ray Laughlin of Firth; and five sisters, Mrs. Mary Dickson of La Jolla, Calif., Mrs. Bertha Delebar, Mrs. Hilda Kraut of Oakland, Calif., Ethelyn Congrove of Lincoln, Calif., and Mrs. Clara Kirby of Lincoln.

—GM And Auto Workers Confer—

Annual Wage Tussle Opens

CIO UNION'S MOST PRESSING DEMAND IS TACKLED

DETROIT (AP)—Forty top leaders from General Motors Corp. and the CIO United Auto Workers met for four and a half hours Thursday in opening talks on the union's demand for a guaranteed annual wage.

A union spokesman said the talks were "very harmonious" but both sides declined comment when asked if any progress had been made.

After the meeting, John W. Livingston, vice president of the UAW's GM division, said:

"Today's meeting marked the beginning of one of the most important negotiations these parties have ever participated in. The meeting today was very harmonious."

Call In Personnel Boss

Midway in the meeting, Harry W. Anderson, GM vice president in charge of personnel, was asked to join the talks. On his way in, Anderson said:

"We are going into these negotiations with the idea of doing the

U.S. Is Awarded \$350,000 For Spoiled Grain

CHICAGO (AP)—Federal Judge Joseph Sam Perry awarded a \$350,000 judgment to the U.S. government Thursday for government-spoiled grain which had spoiled in storage.

The grain belonged to the Commodity Credit Corp.

The judgment was against Roberts Enterprises, Inc., which had stored 943,000 bushels of corn in Rockdale, near Joliet, Ill., in 1949.

Leon Kuepke, assistant U.S. attorney, said that later, when the government was ready to sell the grain it had spoiled.

A judgment of \$10,000 also was granted the Fidelity & Casualty Co. of New York, which covered the Roberts firm's performance bond.

Report Calls Many School Districts Bad

"Nebraska now has the dubious distinction of having more school districts than any other state," according to a report by the Nebraska Citizens Council. "School government experts generally agree that the best way to get better education at a better price is by reducing the number of school districts," the report added.

The council conceded that money spent, but a reminder that our educational system must not become so revered that it is held to above constructive criticism," was made.

A census bureau report was cited to show that Nebraska is lagging behind the rest of the states which had a school district reduction of 11.5 per cent from 1952 to 1954.

Reduction in Nebraska was only 4.4 per cent, according to the report.

A report pointed out that the 6,113 Nebraska districts is twice as many as are in Missouri, three times as many as Texas and five times as many as Colorado.

Illinois has made a reduction of 27 per cent, Kansas 10 and Minnesota 20 per cent.

The Council study decided that "larger districts which are able to offer children a more well-rounded education at a smaller cost to the taxpayer" could reduce the expenditure of 48 per cent of the tax dollar on schools.

On June 1 a similar contract with the Ford Motor Co., covering 140,000 employees, runs out.

The UAW-CIO has made no secret that it means to have some form of guaranteed wage with GM and Ford or strike—and it is building a 25-million-dollar strike fund through dues to prove it.

Union Good Friday Services To Be Held At Local Churches

Good Friday Union services planned by Lincoln churches include:

Lincoln Council of Churches, noon to 3 p.m., St. Paul Methodist Church. Speakers: Dr. Carl Davidson, the Rev. John Waser, the Rev. Marvin Herrick, the Rev. Verne Spindell, the Rev. P. R. Stevens and the Rev. Kenneth Yingst.

Five Northeast Lincoln Churches, union service, 1 to 2 p.m. Fourth Presbyterian Church. Speaker: the Rev. John Waser.

Greater Lincoln Conservative Ministers Association, noon to 3 p.m., First Church of the Nazarene. Speakers: The Rev. Ord. Morrow, the Rev. T. L. Beck, the Rev. Robert Nilson, the Rev. C. F. Stark, the Rev. J. H. White, the Rev. Walter King, the Rev. John Smith.

Catholic services at St. Mary's Cathedral: 9:30 a.m., solemn pontifical Mass of the Presanctified, celebrated by Bishop Kucera; noon and 3 p.m., the Way of the Cross; 7 p.m., the Sorrowful Mother Novena; 7:30 p.m., the Way of the Cross, sermon by the Rev. John Henenehan and veneration of the Crucifix.

Union Episcopal services, noon to 3 p.m., Church of the Holy Trinity. Speakers: the Rev. David Gracey, the Rev. James L. Stillwell, the Rev. William A. Cross.

Allied Council of Lutheran Churches, public service, 12:05 to 12:35, Rev. Henry J. Eggold Jr., dean to students at Concordia Theological Seminary, Springfield, Ill.

Churches of the National Lutheran Council, joint services, noon to 3 p.m., Grace Lutheran Church. Speakers: the Rev. A. M. Petersen, the Rev. A. Meyer of Ashland, the Rev. E. J. Beckman, the Rev. E. W. Philippi, the Rev. Sabin Swenson, the Rev. James Olsen, the Rev. F. Cress of Walcott.

Pageant, "The Cross Triumphant", 8 p.m., Bethany Christian Church.

Liquor, County Board Salary Raises Signed

Gov. Victor Anderson Thursday signed bills raising the pay of State Liquor Commissioners and Lancaster and Douglas County board members.

Gradwohl is the son of Mr. and Mrs. Bernard Gradwohl of Lincoln.

Fondling Charge Guilt Plea Made

A 33-year-old Lincoln man has been bound over to District Court on a charge of fondling a minor.

Wendell Riggins of 1936 D., a baker, pleaded guilty before County Judge Herbert Ronin to an alleged offense of April 4 involving a 9-year-old girl. He waived preliminary hearing.

Appearance bond of \$2,000 was set by the court.

Vet Improved

DULUTH, Minn. (AP)—A hospital spokesman said that Albert Woolson, 108, sole Union survivor of the Civil War, was resting comfortably after an illness which hospitalized him Wednesday night.

He was also a Nebraska finalist in the Rhodes Scholarship competition.

Gradwohl is the son of Mr. and Mrs. Bernard Gradwohl of Lincoln.

Exact Time and Date of the test alert, known as "Operation Minuteman," will be secret until just a few hours before it is sounded, Maj. Gen. Guy N. Henninger said.

The "go ahead" order will be issued by the Adjutant General's office and transmitted to all Nebraska Army and Air National Guard units.

The complete list of bills signed Thursday:

LB 42, enabling Class III, IV and V school districts to acquire real estate outside district boundaries.

LB 430, raising liquor commission salaries.

LB 435, providing for recall of retired National Guard officers in an emergency.

LB 461, permitting lunch hour of less than 30 minutes when a plant is working around the clock.

LB 351, permitting power districts to spend up to \$5,000 without taking bids to invest in shares of state-chartered building and loan associations.

LB 110, enabling school districts to sell refunding bonds for cas.

LB 430, raising pay of Douglas and Lancaster County board members.

First "freight pilots" of the prairies were these picturesque mule-skimmers and bull-whackers whose whips could be heard "popping" two miles away. These rugged, well-armed men earned \$70 a month for handling oxen—\$10 more for mules!

News Around The Globe

Crash Kills 4

FACKLER, Ala. (AP)—A freight train smashed into a car Thursday, killing a young mother and her three small daughters.

Bodies of the mother and two of the children, clad in pretty dresses, were scattered along the Southern Railway tracks for 100 yards. The body of the third child remained in the crushed wreckage. The dead were Mrs. Mary Nell Venable, 22, Fackler; Etta Mae Venable, 2; Linda, 4; and Mary Frances, 6.

Stassen Promise

WASHINGTON (AP)—Senate investigators received a promise from Harold E. Stassen that he will give them most of the documents they had threatened to subpoena if he refused.

Sen. McClellan (D-Ark), chairman of the Senate Investigations subcommittee, said the foreign aid chief also had agreed to let him inspect "the very few others" requested if Stassen finally decides that Congress has no right to them.

Officer Hints Of Guard Test In City Soon

ANN ARBOR, Mich. (AP)—Next Tuesday morning, the world will know the success or failure of the Salk polio vaccine.

At exactly 9:10 a.m. in the Rackham Building on the University of Michigan campus, newsmen will be given the story for immediate release. What they will receive is "a summary of the summary," of the evaluation made by Dr. Thomas Francis Jr. of last spring's vaccine test on two million children.

Blast Scheduled

LAS VEGAS (AP)—The major weapons effect test of the 1955 atomic series is scheduled tentatively for Friday morning.

The Atomic Energy Commission set the 400-foot tower shot on Frenchman Flat for 9 a.m. But, just in case the weather is adverse, the AEC readied an alternate shot from a 300-foot tower on Yucca Flat for 4:30 a.m. detonation.

Petersen Sees Home Demand Here On Rise

Ervin E. Petersen, president of the Lincoln Home Builders Association, predicts a brisk demand for both rental and sale housing in Lincoln in the next six months.

Speaking before the Sertoma Club, Petersen said that the Lincoln Air Force Base alone will create a substantial demand. The Air Force, he explained has said the base personnel at full strength will require some 3,000 living units.

To date, Petersen pointed out, there have been 1,700 of these demands met. As the base is built up to full strength, he said, the other 1,300 unit demands will have to be met.

Petersen predicted an upsurge in new home construction in Lincoln this year. There were 1,758 new home starts last year, and some 2,000 starts are expected this year.

With the demand for housing, a decline in costs is also cited by Petersen. The Bureau of Labor Statistics, according to Petersen, showed that in 1959 the average worker spent 296 weeks of wages for a house.

In 1953, he said, the average worker spent 154 weeks of work for housing.

The increase in demand for housing was attributed by Petersen to the constant growth of family formations, the replacement of existing housing and the growth of families or the birth rate.

A high demand for housing will exist in Lincoln for the next 18 months, in Petersen's opinion.

Princess Wedding Reports Are Spiked

From Press Dispatches

CAPETOWN, South Africa
The archbishop of Canterbury Thursday denounced as untrue reports that Princess Margaret and Capt. Peter Townsend will be married.

Dr. Geoffrey Fisher, highest prelate in the Church of England, stated:

"There is no truth whatever in the rumor that Princess Margaret and group Capt. Peter Townsend are to wed."

Purely A Stunt

The rumor was purely a stunt and a most offensive one at that by a few English newspapers.

"Most of the London newspapers had nothing to do with it," the AP said.

The archbishop and his wife arrived in South Africa Thursday. The statement was his first public comment on the reported romance between the 24-year-old sister of Queen Elizabeth II and the handsome 40-year-old Townsend, a divisor of two children.

Townsend Can't Talk

Just returned to Brussels from winning a horse race for gentlemen jockeys in France, Townsend said of the archbishop's statement: "I regret that I can't comment

on this. All I can say is that I can make no comments whatsoever thus far.

Meanwhile, INS reported from Rome that Billy Wallace refused to confirm or flatly deny a report that Princess Margaret's engagement to him will be announced shortly.

Romney Wheeler of the National Broadcasting Co. said in a broadcast that Margaret will marry Wallace, not Townsend. Wheeler said his information came from a source "close to the royal family."

In the absence of official statements from Buckingham Palace or the Conservative government, there has been a great mystery about whether Margaret and Townsend are really in love and plan to marry. Dr. Fisher's statement

STAN DELAPLANE'S

POSTCARD

I wonder what has happened to Straw Hat Day in recent years? Straw Hat Day was the official announcement of Spring when I was a boy.

The straw hat of my youth was known as a sailor. It was flat and varnished and had a striped band.

When the winds blew, you could see dozens of them rolling down the street. They rolled like a hoop.

When they got older, the iceman put them on his horses. First cutting holes for the ears to go through.

When Spring came around, gentlemen put on straw hats and so did the horses.

I remember standing around in my straw hat looking at the horse in his straw hat. After awhile it occurred to me that possibly I looked as comical to him as he did to me. I went away and tried not to think about it.

Ah, well, Spring has come without benefit of straws in the wind. The iceman's horse has long since been put to pasture. Today we are refrigerated and even the latest models would not look good in a straw hat.

I think it is a sad thing for the younger generation.

I do not think refrigerator ice can taste as good as the dripping lumps we hooked out of the cool, dark wooden wagon.

How can a young man today follow in the path of his cowboy heroes without a horse? Even one wearing a straw hat.

I said good-bye to the iceman's horse nearly everyday. While the iceman was busy delivering the ice.

My straw hat became a ten-gallon Stetson and I took it off while I patted his nose.

"So long, Old Paint, I reckon I must head for Laredo before the Sheriff shows up."

We would look at each other with brimming eyes. Both of us in our straw hats. It was a sight to make strong men turn away with emotion. And I am a little emotional just thinking about it today.

Nowadays, when ice comes in electric boxes instead of dark, cool wagons, free enterprise suffers.

I do not know how long it has been since I saw a sidewalk lemonade stand.

Straw Hat Day was the day we all became businessmen. We squeezed lemons, borrowed sugar and set up shop. Two pennies for a small glass, a nickel for a great big glass.

The iceman contributed the ice. We never bothered him by asking. For he was obviously a busy man. As soon as he hoisted the lump up on his shoulder pad, we hit the back of the wagon.

The wagon was made with a small wooden step that the ice companies thoughtfully provided for small boys. Inside, there were great chunks of ice that had fallen off when the iceman chopped his 25 pounds and tonged it onto his back.

It was recognized that this was not stealing. It was using something that otherwise would have melted. It could be taken with a minimum of danger and a clear conscience.

A 7 time Journal and Star Want Ad is always most effective and costs less in the long run. Lincoln Man Seeks To Avoid Deportation

The State Pardon Board May 11 will consider the granting of a full pardon to a Lincoln man facing deportation to Russia.

John Sader, 44, who served terms in the State Penitentiary for auto theft and burglary, will be forced to return to his birthplace under the terms of the McCarran Immigration Act unless granted a pardon.

The Board also will hear the request for a pardon made by the Rev. Emil Peterson, 57, Sacramento, Calif., who competed a term for manslaughter in 1948. He is facing deportation to Denmark.

Peterson was convicted in connection with the 1947 death here of Otto Meyer. Peterson has been an ordained minister since 1948.

Joe Martinez, 24, Lincoln, who was discharged from the State Reformatory last year, has asked a full pardon in order to enter the

military service. He was sentenced from Scotts Bluff County in an incest case in 1950.

Requests for paroles by three Omaha men sentenced to the Men's Reformatory for manslaughter for auto theft and burglary, will also be heard by the board.

Booker T. Holloway and Howard Stevenson were sentenced in connection with the death of Richard L. Edwards Sept. 9, 1953. Arguster Washington was found guilty of manslaughter as a result of the May 10, 1953 death of Alberta Kennedy.

Both slayings followed arguments in Omaha bars.

The complete list of cases to be heard by the State Pardon Board May 11:

REMITTARY

John P. Villone, 28, Omaha: six and seven years concurrent breaking and entering and violation of bench parole; Boone and Douglas Counties: 1953.

</

The Lady And The Champ

Down in the hill country, any long-time matter of individual warfare is still settled by the process of elimination, if recent news stories are to be taken as any indication, and the tentative and oft times temporary winner is he possessed of the duckin'est knee bend and nimblest trigger finger.

A remarkably different sort of perpetual feudin' has been under way out at McCook for so long now that it's looked upon almost as an institution up and down Norris Avenue. The battle goes on day after day as challenger meets champ, and loser emerges from the daily bout almost as triumphant as winner.

For the field of action is narrowed to the boundaries of a card table, and opponents face each other armed only with the friendliest determination—and a set of checkers. Title of champion rests almost invariably with Albert Weeks, but occasionally Mrs. Emma Bramwell

racks up high score for the day. His story is that "I have let her beat me sometimes or she wouldn't play with me."

But we wonder . . .

Feminine nature is sometimes more unpredictable complexity than—well, than a game of checkers. Mrs. Bramwell just smiles that unfathomable smile once put to canvas by a man—da Vinci—and agrees that Mr. Weeks is by far the better player and does, indeed, through the kindness of his heart let her win once in awhile.

The feminine heart comes into being, let us say, with a certain intuitive touch, and 88 years of practical application can provide a tremendously usable and flexible supplement.

As for Champ Weeks, he'll observe his 97th anniversary, come August, and will probably celebrate the occasion at his usual pastime. Or maybe, chivalrous of nature and benign of spirit, he'll let Mrs. Bramwell win, that day . . .

Nebraska's Plea

Back in Washington on bended knee were C. Petrus Peterson of this city, president of the National Reclamation Association, and former Gov. Robert Crosby. They were seeking funds—not a gift from Santa Claus—but a loan to be paid back in full both as to principal and interest, for the construction of a heavy voltage transmission line from Ft. Randall Dam to Grand Island, Nebraska.

Their mission may be difficult but it is ever so deserving. That heavy voltage transmission line is for the purpose of funneling to Nebraska electricity developed by the Ft. Randall Dam in such amounts as Nebraska is entitled to. Without it, Nebrascans will be left out in the cold, stripped of the cheap power developed at Randall, electricity so urgently needed in this public power state. No one questions that a portion of the power created through the upper Missouri River Basin developments should come to Nebraska, unless it be over-alert private utilities eager and greedy to grab off the same electricity for distribution among their customers in the Dakotas, Minnesota, and Iowa. No one should

be so stupid as to fail to recognize that the high voltage transmission line is the one facility vital to Nebraska's getting its portion of Randall power.

And that electricity is needed here so sorely. In a state where electric demands are growing constantly, where the current vital to an expanding irrigation program is so important, the loan for the transmission line becomes of primary importance. There is the alternative proposal by the Interior Department and the Budget Bureau for an appropriation of \$940,000 to build a 15,000-kilowatt line from Ft. Randall to Neligh. This is no substitute for the Grand Island line. Nebraska's public power groups have no facilities to transmit the power from Neligh to Grand Island. The Department of Interior should know that, and knowing it, if those who direct Interior Department policy do not indulge themselves in a sly smile, then they lack a sense of humor.

Secretary McKay continues to protest that he is not opposed to the program of public power so vital in areas of the Middle West. Here is his chance to prove it.

Threshold Of Adventure

All Nebraska quickened to the news that a proposal had been placed before the Atomic Energy Commission for the construction of a nuclear powered electric generating plant in the state.

Eventful days now will follow and much in point of Nebraska's future economy will hinge upon the AEC's decision.

Of Men And Things

By J. E. LAWRENCE

It is superfluous to suggest that at this time there is great unsettlement in American political thinking. The pollsters tell us that President Eisenhower's personal popularity continues. Yet elections countrywide in these opening days of April produced an astonishing number of Democratic gains.

★

For the first time in 20 years in traditionally Republican Michigan, Democrats made an impressive showing in the spring elections. True, Michigan has a four-term Democratic governor, Mennen Williams whose popularity seems to grow with the years, and only last fall elected a virtually unknown Democratic candidate, active in organized labor, to the United States Senate to succeed Sen. Ferguson, an administration stalwart. But Tuesday the Democrats seemed to have captured by a narrow margin five of eight places up for election, and in the cases of the other three posts, to have cut Republican majorities to hairline margins. There were Democratic gains in St. Louis and in one Connecticut community. There was a whooping Democratic organization victory in Chicago, not unexpected perhaps because Chicago is a Democratic stronghold, but nevertheless a matter of some satisfaction to the Democrats in light of a most bitter inter-organization fight in progress in the second largest city in the nation. What does it all mean? The issues at stake, of course, were not of a national scope—on the contrary, wholly local. But they do suggest a swing, a change in sentiment, a revival of Democratic strength and a severe loss of Republican prestige. Some of the shine is wearing thin, some of the hopes kindled by the results in 1952 have been blown to bits. There is the implication that in widely scattered sections, a Democratic comeback is taking place, a comeback which could have a great bearing on the shape of things a year hence.

★

On the national level, the greatest weakness of the party in power in the White House has been the President's reluctance to come to grips with the realities of leadership within his own party. Too many people are talking, presuming to express the administration's thinking and yet contradicting each other every day in the week. There is not the picture of the happy family bound together by a common objective. There is a sharp cleavage in Republican ranks, a cleavage which becomes more clearly etched while the weeks fly by. Mr. Eisenhower has had much more success in working with the Democrats than in reconciling a powerful element in the Republican party, the reactionary old guard, to his leadership.

★

It is still too early to come to any conclusion about the real meaning of this shift in popular sentiment which is not limited to any restricted area within the country. It could be only a temporary development in which the President does not figure. Or it could be more far-reaching to pave the way for a conclusion that if the President yields to the pressures on him to be a candidate for re-election, he will find the going rough and tough. Affairs abroad and here at home have not turned out so as to satisfy a lot of people who voted for Mr. Eisenhower in 1952. It does not mean necessarily that he would go down to defeat as a candidate for re-election, or that the Democratic nominee would win.

★

It does mean that among a lot of voters who in 1952 were certain of their course of action, doubts have begun to take root.

DREW PEARSON

Hagerty Defends Ike's Reading Habit

WASHINGTON — The backstage dinner which White House press secretary Jim Hagerty held with newsmen the other night didn't deal exclusively with Quemoy and Mat su. Though called to counteract the scare headlines emanating from a press dinner with Admiral Carney, the Hagerty dinner also took up the reading habits of President Eisenhower.

The President's reported enthusiasm for "Westerns" when it comes to reading habits and his lack of enthusiasm for newspapers has long been a subject of comment in Washington. But this time Hagerty shot some comment right back at the commentator.

Newsmen who had heard Admiral Carney's statement that the Chinese Reds were in a position to attack Quemoy-Matsu around April 15 and then heard Hagerty's statement that no attack was expected, wanted to know whether the President had read the military intelligence reports on the Far Eastern crisis. They also wanted to know whether the President had read (Copyright, 1955, By Bell Syndicate, Inc.)

the Far Eastern reports published in the newspapers.

"He reads the same newspapers I read," replied Hagerty.

"Maybe you'd better tell us what those are," suggested Jim Shepley, head of Time Magazine's Washington Bureau.

Hagerty then proceeded to recite a long string of papers — the New York Times, Washington Post and Times-Herald, New York Herald Tribune, New York Mirror, Chicago Tribune.

"You're not suggesting he reads all those papers, are you?" asked the skeptical Shepley. "Not even a newspaperman gets through all those."

Except where it has become a "must" to achieve success in the business world or in the athletic spotlight, self-denial is fast becoming a forgotten technique in the training of the whole man.

Not only has there been a letup in this area on the part of those whose task by vocation or avocation it is to lead forth — that is, to educate a subject from childhood to maturity—but also, and perhaps as a consequence, most modern individuals are failing to exercise the basic restraints on themselves. ★ ★ ★

The Lenten season had its origin in the 40-day desert fast of the Innocent Christ. The basic theme of Lent, therefore, is to be found in the notion of self-discipline and, for ordinary mortals, the practice of penance. Now, inasmuch as true education implies constant self-discipline and the practice of "mental penance" as we unlearn errors acquired in the process of achieving human knowledge, it would not seem to be inappropriate that an educator might have something to say about the theme of Lent.

Except where it has become a "must" to achieve success in the business world or in the athletic spotlight, self-denial is fast becoming a forgotten technique in the training of the whole man.

Newsweek

ture. At least they act as though all human tendencies are good, when with the great thinkers of the past they ought to recognize that there is a part of man which, though not evil in origin, has been vitiated by the abuse of free will and now must be cured and chastized and brought into subjection.

They will but add to this the notion that self-control can be exercised in the spirit of reparation for past failure, the practice of it once takes on new meaning. If they will but include as the principle motivation a desire to live well that shall endure.

When all that seems shall suffer shock.

Rise in the spiritual rock.

Flow thro' our deeds and make them pure.

That we may lift from out of dust

A voice as unto him who hears.

A cry above the conquer'd years.

To one that with us works, and trust.

With faith that comes of self-control.

The truths that never can be proved

Until we close with all we loved,

And all we flow from, soul in soul.

to live peacefully in brotherhood with their fellow men under the Fatherhood of God.

It is to be hoped that they will discover the missing yet necessary ingredient in the formula—rigorous self-discipline, for even the knowledge of eternal Truth maketh a bloody entrance; and precisely because it is eternal and from God, the discipline of prayer must likewise play a big part in its discovery. Soon they, and all of us, for that matter, will have to relearn the lesson that to make right choices in the things of lasting value requires an habitual self-mastery and control. The practice of virtue as a part of character formation must be a habit acquired by dint of hard work and constant effort.

If they will but add to this the notion that self-control can be exercised in the spirit of reparation for past failure, the practice of it once takes on new meaning. If they will but include as the principle motivation a desire to live well that shall endure.

When all that seems shall suffer shock.

Rise in the spiritual rock.

Flow thro' our deeds and make them pure.

That we may lift from out of dust

A voice as unto him who hears.

A cry above the conquer'd years.

To one that with us works, and trust.

With faith that comes of self-control.

The truths that never can be proved

Until we close with all we loved,

And all we flow from, soul in soul.

(Alfred, Lord Tennyson)

A LENTEN MEDITATION

Formula For True Happiness

By THE VERY REV.
CARL M. REINERT
President, Creighton University
Omaha Nebraska

The Lenten season had its origin in the 40-day desert fast of the Innocent Christ. The basic theme of Lent, therefore, is to be found in the notion of self-discipline and, for ordinary mortals, the practice of penance. Now, inasmuch as true education implies constant self-discipline and the practice of "mental penance" as we unlearn errors acquired in the process of achieving human knowledge, it would not seem to be inappropriate that an educator might have something to say about the theme of Lent.

Except where it has become a "must" to achieve success in the business world or in the athletic spotlight, self-denial is fast becoming a forgotten technique in the training of the whole man.

Hagerty then proceeded to recite a long string of papers — the New York Times, Washington Post and Times-Herald, New York Herald Tribune, New York Mirror, Chicago Tribune.

"You're not suggesting he reads all those papers, are you?" asked the skeptical Shepley. "Not even a newspaperman gets through all those."

Except where it has become a "must" to achieve success in the business world or in the athletic spotlight, self-denial is fast becoming a forgotten technique in the training of the whole man.

DORIS FLEESON

Recent Tests Show Democrats Gaining

WASHINGTON — Democrats rejoice in their new victories throughout Michigan and in Chicago and other cities because they show the party's fortunes continuing to rise in an unbroken curve ever since its defeat in November, 1952.

Gov. Williams, a four-time winner, took the calculated risk of making Michigan's spring elections a party issue and vigorously campaigned over the state. Republicans had won this testing 11 times previously and only two years ago swamped the Democrats by 200,000 votes. Even if recounts alter the end result, Williams has received a striking vote of confidence which will help his national aspirations.

Michigan Democrats will not get a chance at a Republican senator there until 1958 when Sen. Charles E. Potter is up. In Connecticut, however, GOP Senator Prescott Bush runs again next year, so they like their first town council victory, recently achieved, in 10 years in West Hartford, Conn. They also swept the city elections in Danbury last month.

Democrats will nominate their presidential candidate in Chicago next year. A grateful mayor can be expected to arrange a "we want Stevenson" chorus from the galleries.

Chicago being normally Democratic, Daley's victory means less, of course, than his defeat would have meant. The vote was described as unexpectedly light. Analysis of it may shed some light on how much help Chicago Republicans can be expected to give two of their

In 1953, Democrats won seven out of eight special House elections, two of them in districts that had never before elected a Democrat. In 1954, the party recaptured control of Congress and got 52.6 per cent of the popular vote, its largest share since 1934.

Now it appears that 1955 is starting off the same way. The offices voted for are not nationally significant but what happens at the grass roots is. When the Roosevelt landslide of 1936 began to taper off in the courthouses, the Republicans were on their way back.

MARQUIS CHILDS

Churchill Made An Era, Ends It

WASHINGTON — The departure from the front rank of the political scene of such a monumental figure as Sir Winston Churchill is bound to produce an alteration in every capital of the world. For many months both the State Department and the White House have had almost daily reports on the condition of the retiring prime minister's health. These have tended to show that his failing capacities made his withdrawal as active head of the government a necessity.

Yet, the speech that Churchill made in the House of Commons last month carried the unmistakable accent of his own greatness. That speech, which had the magnificent phrasing so long associated with a master of the English language, dealt with the awful significance of the hydrogen bomb and the peace of the world.

No ghost writer had had any connection with that outpouring. Nor had any committee of cautious government specialists combed it over. It was the expression of a complete man, an individualist who has almost always stood out against the crowd.

Above all in this respect—as the last of the great individualists, the statesman who stood alone—Churchill's departure from the front bench of British politics marks the passing of an era.

Proposed Vehicle Tax Value Hike Is Protested

Spokesmen for automobile and trucking interests appeared before the State Board of Equalization Thursday to protest against increased tax assessments which the board has recommended for 1956.

The board last month decided tentatively on a 15 per cent increase for new cars and 25 per cent for new trucks next year.

Guy Chambers, Lincoln attorney representing the Nebraska New Car Dealers' Association, said figures set last year for use in 1955 are close to the current market price and should not be changed.

Chambers also advocated separate assessment schedules for dealers and individual owners. He explained replacement cost to the dealer is about 25 per cent below list price to the individual buyer.

There has been a long tug-of-war between car dealers and the state board over the proposed assessment of motor vehicles.

Saw No Change

Mayor R. H. Kizzier of Holdrege, an auto dealer, told the board: "I thought the assessments set last year would stand up for a

long time."

He said he "cannot conceive where the higher 1956 figures came from."

The Denver market, which he described as highest in the area, is about the same as or even a little lower than the figures used in Nebraska this year, he explained.

Didn't Consider Depreciation

Floyd Pohlman, Auburn dealer, charged the board failed to consider depreciation in setting up the 1956 schedule.

A. K. Longacre, Omaha, chairman of the tax committee of the Nebraska Motor Carriers' Association, said the 1956 schedule raises some trucks as much as \$27 per cent.

Dale Payne, Omaha car dealer, asked for depreciation of new cars during the first few months to be reflected in the assessment.

"Our heaviest depreciation is the first six months of the year. The factory advertised price doesn't mean very much after that," he commented.

70 Per Cent Hike

Payne said the proposed 1956 schedule raises one popular passenger car 29 per cent, and one popular make of truck 70 per cent.

Gov. Anderson, chairman of the State Board of Equalization, told

the objectors the Legislature had complained auto values had been placed too low in relation to other property this year.

The board will announce the final assessment figures for motor vehicles later.

Besides the governor, the members are the tax commissioner, state treasurer, secretary of state, and state auditor.

WILBUR

"You'll have to wait for your medicine dear... Wilbur got the prescription mixed up with my grocery list and the druggist made up an omelet."

Aurora Chamber Asked To Alter Ton Mile Stand

State Sen. Lester Anderson of Aurora Thursday urged the Chamber of Commerce of his home town to reconsider its stand against the proposed ton-mile tax on trucks.

Anderson is principal introducer of the controversial measure.

A letter sent to the Chamber of Commerce by Anderson Thursday claimed that farmers selling their corn at grain elevators would not suffer under the provisions of the bill and that administration costs amount to only about four per cent of the total revenue in other states.

The Chamber's resolution against proposal charged that farmers would be taxed heavily and that administrative expenses would eat up about 20 per cent of the intake, Anderson said.

Scientists Release Pictures Showing Possible Life On Mars

Spreading Dark Area On Planet A 'New Region'

FLAGSTAFF, Ariz.—A photograph of the planet Mars, released by Lowell Observatory here Thursday, shows a spreading dark area which may be vegetation.

The photograph was taken by the Lowell Observatory-National Geographic Society expedition in South Africa in 1954, when Mars made a close approach to earth.

Compared with pictures of Mars taken by Dr. E. C. Slipher here in 1907 and 1939, it shows that a dark area on the lower portion of the planet has spread materially.

In 1907, Dr. Slipher said, astronomers thought the small dark area was a canal.

New Region

By 1954, it had grown to cover an area of 300,000 square miles.

"It has grown so long we can't call it a canal any more," Dr. Slipher said. "It's certainly a new region. If it is vegetation, the ground somehow changed and became more favorable for it."

"We just have to wait for the favorable position of 1956 to take another look at it."

The astronomers' next look at Mars, when it dips even closer to earth in 1956, may bring an answer to the question of whether there is life on the planet.

Growth On Planet Mars?

The center photograph of the planet Mars, taken by the Lowell Observatory — National Geographic Society expedition to

South Africa in 1954, shows a large dark area in lower center. It was barely visible in a picture taken in 1907 and only slightly larger in a 1939 picture.

Dr. E. C. Slipher, who made the first two pictures at Lowell Observatory here and the third in Africa, said it may be spreading vegetation. (AP Wirephoto)

Omaha Vitamin Firm's 'Don't Grow Old' Claims Held 'False'

The claims of an Omaha vita-

min company that its product was

"a true geriatric formula" to help

oldsters "enjoy life again" was

termed "cruelly false and misleading"

by Federal District Court

Judge John W. Deleahant of Lin-

coln.

Judge Deleahant found that Vita-

min Industries Inc. of Omaha and

Joseph L. Zweiback, manager of

the firm, violated the Federal

Food, Drug and Cosmetic Act on

three counts.

The company was fined \$150 and

costs on each count and Zweiback

on each count.

Judge Deleahant, in his memo-

randum opinion filed in Omaha

Federal Court listed the falsely la-

beled product to be "Guardian Li-

pitrons" and "Guardian Super Li-

pitrons."

"No impurity or adulteration (of

the product) is charged," the opin-

ion said, "and they are not dan-

gerous to health."

The Court's opinion held that ex-

ception could be taken to the claim

that the formula would "fight that

feeling of growing old" as claimed

in promotion material.

In order that such vitamin pro-

ducts could be of any kind of value

there must be "immediate and

individual examination of the per-

son" by a doctor, the judge held

in his opinion.

"Assuming all the elements

claimed are present," the Court

continued, "the capsules taken as

directed would have no possible

retarding or corrective effect upon

the aging process."

He said that the publicity for the

product "advances a message they

(older persons) are longing to read

or hear; and with a pathetic eag-

ing for a job? See "Help Wanted" columns in the Want Ads.

Flip It Now!

CHICAGO (UPI)—Flipping away a cigarette butt while it's still long is one of the best ways of cutting down on nicotine and tars, a study indicated Thursday.

Tests in the chemical laboratory of the American Medical Assn. showed that a king-size laminated asbestos-paper filter cigarette screened out the most nicotine and tars among cigarettes tested — if down to the filter.

the cigarette was smoked no shorter than an inch and a half long.

A regular length no-filter brand tested let more tar and nicotine through. However, if a person smoked this cigarette down to about an inch, he would get less nicotine and tars than from smoking a king-size filter type right down to the filter.

Supervisors Ordered To Court April 15

Case Involves County Road Equipment Use

KEARNEY, Neb. (AP)—Five members of the Buffalo County Board of Supervisors have been ordered to appear in District Court April 15 to show why they should not be held in contempt for violation of an injunction.

The orders were issued by District Judge E. G. Reed.

Judge Reed set aside a previous order for the five supervisors to appear April 7 upon receipt of an amended petition filed in the name of Harlie O. Petersen.

Petersen and Orvis Moss, both Kearney contractors, filed a petition in District Court March 5, 1954, asking that the county be restrained from using county equipment for private purposes except as provided by statute.

Permanent Injunction

Judge Reed issued a temporary restraining order and then a permanent injunction ordering the board to refrain from earth moving operations except as allowable under state law.

The amended petition alleges that county machinery was used for road work in various townships in the summer and fall of 1954 without a written contract between the townships and the county, that the road work was not authorized by entries in the minutes of the meetings of the county board and that more than 45 days have passed without the supervisors recording the financial details of the work as provided by law.

Further allegations state that Supervisor Carl Stark of Ravenna directed the use of county equipment to dig ditches for a farmer without a written contract between the farmer and the county as provided by law.

Besides Stark those ordered to make appearances are A. B. Holmgren, Shelton; M. A. Rishel, Elm Creek; O. L. Erickson and John McCune, both of Kearney.

Polk Man Found Dead In Parked Car By Hospital

OMAHA (AP)—The body of a man identified by credentials in his pockets as Warren V. Strand, 47, of Polk, Neb., and Omaha, was found face down in the back seat of a car in the Children's Hospital parking lot.

Acting Douglas County Coroner George Sullivan said the exact cause of death had not been determined but it apparently was from natural causes. He said Strand had had a heart condition for about 10 years. Sullivan had said earlier a preliminary investigation showed no marks of violence.

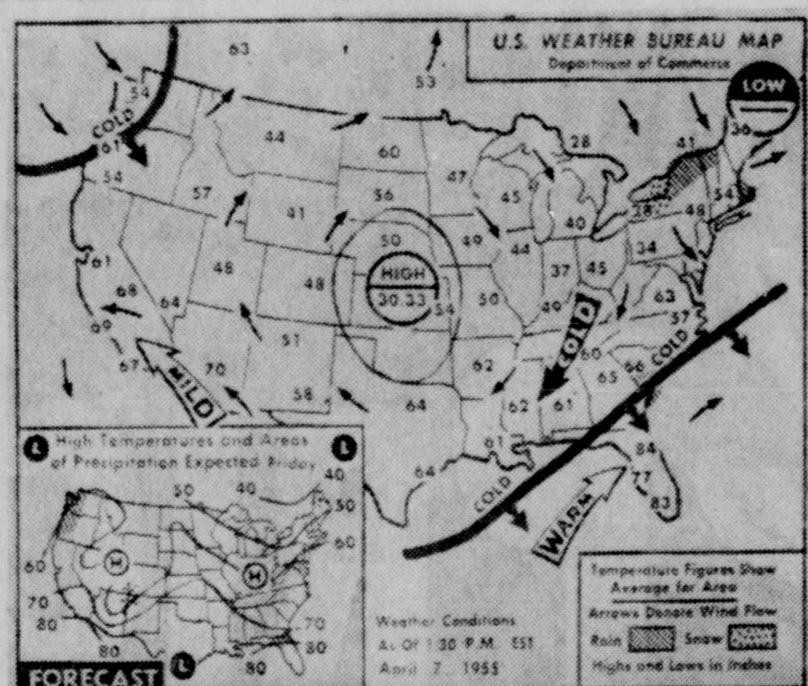

Identification cards showed that he had been enrolled in adult education at the University of Omaha.

Strand was a member of a prominent Polk, Neb. family.

Two brothers, Paul and Hilding, operate the Strand Lumber Co. at Polk, and another brother, John, manages a lumber yard at York.

His mother, Mrs. Susanna Strand lives at Polk, but Warren Strand had lived in Omaha at various times for several years. He was unmarried.

Strand's father was a prominent lumberman and former mayor of Polk.

Most Of Nation Expecting Fair Weather

Fair weather is forecast for most of the nation Friday, although snow flurries are likely over northern Maine and the higher elevations of northwestern New Mexico. Widely scattered showers may occur over

the northern part of Florida and western sections of Washington and Oregon. Cool air will prevail over the northeastern states. Elsewhere there will be a rising trend in temperatures. (AP Wirephoto Map)

Decision Awaited On Proposed Ft. Randall To G.I. Power Line

WASHINGTON (AP)—Although no decision was reached on a proposed heavy voltage transmission line from Ft. Randall Dam to Grand Island, Neb., two Nebraskans have outlined the need for such a line to Interior Department officials.

Former Gov. Robert Crosby and C. Petrus Peterson of Lincoln, National Reclamation Assn., president discussed with Interior Secretary McKay, Undersecretary Davis and Assistant Secretary Aandalh the rapidly increasing power requirements in central Nebraska to operate irrigation pumps.

They also conferred at the White House with Fred Seaton, an administrative assistant to the president and Hastings, Neb., publisher.

Funds Set Up

The Interior Department and the Budget Bureau propose an appropriation of 940 thousand dollars for the year beginning July 1 to build a 115 kilovolt line from Ft. Randall Dam on the Missouri River in South Dakota to Neligh, Neb.

Crosby and Peterson, representing Nebraska public power groups, said this would not satisfy Nebraska needs because Nebraska interests had no facilities to transmit the power from Neligh to Grand Island, the load center of power needs for pumping.

Want Bigger Line

Voters At Niobrara Re-Elect Incumbents

Lincoln Star Special

NIOBRARA, Neb.—Incumbents W. W. Marshall Jr. and S. R. Neil were re-elected without opposition as members of the village board of trustees in the town's municipal election this week.

Nebraskans who lease state school lands have come up with a new plan for fixing rental prices on the land.

Sen. Monroe Bixler of Harrison said the lease holders have made "terrific concessions" in the new approach.

The new tack was agreed upon at a meeting in Lincoln of western Nebraska leaseholders with legislators from the area, he said.

Annual rental at present is six per cent of the full appraised value of the land.

The new formula suggested by the leaseholders would relate the appraisal of school lands to the valuations of non-school lands in the same county and then fix the rental at six per cent of 75 per cent of the appraised value.

As an alternative under the new approach, lease holders could pay rent based on the amount of grain or livestock raised on the land, in which case fluctuating prices of wheat, grain and cattle would bear on the amount of revenue realized by the state.

The new formula suggested by the leaseholders would relate the appraisal of school lands to the valuations of non-school lands in the same county and then fix the rental at six per cent of 75 per cent of the appraised value.

Nebraskan Given 25-Year Sentence

Lincoln Star Special

MIAMI, Fla. (UPI)—A 30-year-old Fremont, Neb., truck driver who was convicted of criminally assaulting a 14-year-old school girl, was sentenced to 25 years in prison.

Otis Charles Shaffer was convicted Feb. 22 of the offense. The jury recommended mercy.

The 25-year sentence was handed down by Circuit Court Judge Stanley Milledge.

Revision Of Rail Value System Urged

... Latest Step In Quartet's Drive

Four members of the Legislature's Revenue Committee Thursday recommended that the State Board of Equalization undertake "a first class overhaul job" of the method used in assessing railroad property.

The recommendation was the latest step in the drive by the four youthful Senators, dubbed "the young Turks," to change the railroad assessment system.

The lawmakers are Sens. Monroe Bixler of Harrison, Donald McGinley of Ogallala, Joseph Martin of Grand Island, and William Metzger of Cedar Creek.

They also submitted a list of four suggestions to state Tax Commissioner Fred Herrington.

The suggestions:

1. Study the methods used by other states "in order to determine the most equitable methods to be used in Nebraska in the assessing and taxing of railroad property."

2. Consult with the attorney general's office to find whether the tax commissioner needs additional authority to develop a "more satisfactory" plan of railroad assessment.

3. Take note of the unit valuation theory used by some states in assessing railroad property.

4. Consider the possibility of asking the Revenue Committee for new legislation to carry out a program of railroad tax reform.

The efforts of the four senators

New Product Replaces "Some Old Potatoes"

There's a new appetizing and nutritious way to get away from serving potatoes meal after meal.

Use the new macaroni, enriched with health-giving vitamins and iron ... with much greater nutritional value than ordinary macaroni or potatoes.

Quick-cooking, easy to fix, it can be served with melted butter plus a sprinkle of cheese, or in a variety of appetizing casseroles. Skinner Vitamin Enriched Macaroni is now at local grocers.

In his first answer to the group, Herrington indicated that study of the situation "is necessary and of great importance."

Legislature Adjourns For 5-Day Vacation

The Nebraska Legislature adjourned at noon Thursday for a five-day Easter vacation.

Action Thursday morning included advancement of the bill designed to curb merchandise auctions by fly-night vendors.

Sen. Kotouc of Humboldt, introducer of LB 498, said these vendors "dodge in and out of the state, at the expense of the buying public."

They will start by selling a few "standard brand" items and then switch to an unknown brand of the same item, he explained. Or they will sell an outdated model for which repairs or replacement parts are not available.

The bill would require all such vendors to obtain a license.

Other measures receiving preliminary approval as they advanced from general file included:

LB 322, setting up the framework of the permanent Board of Educational Lands and Funds, accord with a constitutional amendment approved by the voters last year.

The bill follows the same pattern as a previous bill passed at the beginning of the session and Gov. Anderson is expected to give permanent appointments to members of the present temporary board.

LB 323, authorizing the Board of Education to regulate transportation of pupils.

LB 144, requiring that county judges in counties of less than 16,000 population shall be attorneys or have served four years or more.

LB 211, providing penalty of \$100 fine or 30 days in jail for defacing the United States flag in public.

LB 473, providing for revocation of corporate name when the corporation has been dissolved for non-payment of the annual fee.

When adjournment time came, the lawmakers were working on LB 531, specifying how municipalities should allocate parking meter revenue.

Sen. McGinley said there has been confusion over proper allocation of money collected from over-time parking.

LB 508, increasing value of minor estate that may be disposed of without guardianship proceedings. 33-0.

LB 477, Nelson, increasing grain warehouse license fee from flat \$100 yearly to graduated scale ranging up to \$250.

LB 349, Nease, Pearson, permitting joint ownership of recreational facilities and athletic activities. 32-2.

LB 354, Dietz, Swanson, changing requirements for a license in embalming from 68 to 60 semester hours college credit. (E) 30-3.

Solons Defeat Plan For Hiking Commissioners

The Legislature Thursday on final reading voted down a bill providing procedure for increasing the number of county commissioners from three to five or seven in counties under 60,000 population.

A vote of the people would have been required.

The bill received only 10 votes for passage, with 23 opposed.

For the chief introducer, Sen. H. K. Diers of Gresham, it was a birthday present in reverse. The senator was 59 Thursday.

Four bills passed Thursday. The lists:

LB 508, increasing value of minor estate that may be disposed of without guardianship proceedings. 33-0.

LB 477, Nelson, increasing grain warehouse license fee from flat \$100 yearly to graduated scale ranging up to \$250.

LB 349, Nease, Pearson, permitting joint ownership of recreational facilities and athletic activities. 32-2.

LB 354, Dietz, Swanson, changing requirements for a license in embalming from 68 to 60 semester hours college credit. (E) 30-3.

THE LINCOLN STAR 11

Madam Chairman

AFTERNOON

Havelock YWCA Matronettes, 1:30 o'clock at the center.
Society of Hall-In-The-Grove, 12:30 o'clock luncheon at the YWCA.
Alpha Tau Omega Auxiliary, 1 o'clock luncheon at the home of Mrs. Steven N. Watkins, 5140 Valley Rd.
Chapter CS. PEO, 1 o'clock luncheon at the home of Mrs. C. C. Carlsen, 2435 Sewell.

To Address State PTA

MRS. NEWTON P. LEONARD

The national president of the Congress of Parents and Teachers, Mrs. Newton P. Leonard of Providence, R. I., will be the featured speaker on April 20 and 21, when the Nebraska Congress of PTA holds its 33rd annual spring convention at Kearney.

Dr. Galen Saylor of Lincoln, state president, will preside at the two-day convention, which will have as its theme, "The PTA Strengthens the Home, School and Community," which

The Lincoln Council of Parents and Teachers elected three new officers Thursday afternoon at the council's monthly meeting held at the Public School Administration Building.

Elected were Mrs. Martha Gaebel, second vice president; Mrs. Eber E. Tice, recording secretary; and Mrs. R. E. Hill, corresponding secretary; and named auditors were Mr. and Mrs. Neal Hadsell.

Pictured are Mrs. William McDermott (seated at left), Council

president, and Mrs. Tice (at right) and standing are Mrs. Hadsell (left) and Mrs. Hill (right).

Mrs. Howard Deems opened the meeting with a tribute to the late Mrs. Ida Yungblut Day, one of the first state presidents of the Nebraska PTA and an organizer of the Lincoln PTA; and to the late Mrs. Rex Butler, corresponding secretary of the state Congress of PTA and a former member of the Lincoln PTA Council.

Lincoln PTA Council Elects

The council voted to oppose the proposed amendment to the city ordinances permitting cigarette vending machines to be installed in Lincoln, and also discussed plans for the May meeting at which time the honored guests will be the Lincoln Schools faculty and new presidents of the local PTA units.

Mrs. Fred Sehnert, a member of the state PTA board and a past president of the Lincoln council, presented a scroll of PTA life members to the council, and

a talk on the National Infantile Paralysis program was given by Morris Siegel, Lancaster County chairman.

Mrs. Duane Hughes reported a PTA membership of 9,123 in Lincoln, an increase of 842 members over last year, with 18 out of the 29 PTA units in the city showing a marked increase. Six PTA units, Randolph, Sheridan, Capitol, Prescott, Holmes and Park, were honored for selling the most PTA units.

'Wife' Admits Smuggling Gun To Slayer Convict In Her Girdle

... She Refused Aid In 'Break'

GAINSVILLE, Fla. (UPI)—A honey-haired convict's moll who has been careless with her marriage confessed Thursday she refused to help in a state prison break but did smuggle a gun to him in her girdle.

The convict, 25-year-old bank robber George Heroux, used the gun Monday to kill J. G. Godwin, assistant superintendent, and wound two guards before he was overpowered in a corridor near the office of Supt. L. F. Chapman.

Police quickly began tracing the four-inch .25 caliber Italian pistol and it led to Raymond Staffa, 27, a Miami race track exercise man; and his bride of two weeks, Ruth, 23.

Staffa confessed he bought the gun in an effort to win and keep the love of Ruth who said she had divorced Heroux a few weeks ago in Miami.

No Divorce

She told Deputy Sheriff Roland Johnson during an all night questioning she married Heroux in 1952 but never got a divorce from another—and unidentified—man she previously married and by

Letter Carrier Held In \$6.50 Mails Theft

A 33-year-old Lincoln letter carrier had been ordered held for Federal District Court on a complaint of mail embezzlement involving the theft of \$6.50 cash from two letters.

Edward J. Wasson Jr., of 6819 Morrill, a carrier with the Lincoln Post Office since 1948, waived preliminary hearing Thursday before U.S. Commissioner Sterling Mutz and was released on \$1,000 appearance bond pending further proceedings.

The complaint, made by Postal Inspector L. G. Moore, alleges that Wasson removed the contents of two letters entrusted to him in performance of his postal duties.

The letters, allegedly collected by Wasson from a residential collection box on April 5 and intended for deposit at Station C, had been mailed to Kansas City, Mo., addressed to

The filing of the complaint was authorized by Asst. U.S. Dist. Atty. Charles Thorne of Lincoln.

A native of Lincoln, Wasson is a World War II veteran with three years overseas army service and had attended the University of Nebraska for three semesters.

Anderson Chairs Pioneer BSA Area

Lew Anderson Jr. is new chairman of the Boy Scouts Pioneer District which includes the area in Lancaster County south of J.

Anderson, a former Life Scout, replaces Leonard Hines as district head.

A University of Nebraska graduate, Anderson belongs to Westminster Presbyterian Church, Scottish Rite, Shrine, Chamber of Commerce and Kiwanis.

Primary election dates have been juggled frequently in Nebraska. The present setup was established by the 1953 session of the Legislature.

Safety Congress

The Governor's second Youth Safety Congress will convene here Friday. The group is composed of young people, interested in safety programs, from throughout Nebraska.

Bertha M. Hunt Dies At Hospital

Bertha M. Hunt, 80, of 2412 So. 17th, died Thursday at a local hospital.

A native of Germany, she came to this country with her parents when she was six. She lived first on a farm near Crete and then in Crete before moving to Lincoln in 1945.

Mrs. Hunt was a member of the Crete Methodist Church and its Ladies Aid.

Surviving are her husband, D. R. (Dick); a daughter, Mrs. Anita Burk of Lincoln; a sister, Mrs. Ostellia Schwab of Dubuque, Iowa; three grandchildren and several nieces and nephews.

An inventory in the estate of Dr. Roger V. Shumate, University of Nebraska professor and Director of Research for the State Legislative Council who died May 22,

Dr. Shumate's Estate Is Valued

It lists personal property as U.S. bonds and certificates, \$6,075; American Tobacco Company stock, \$1,827.57; salary due \$1,520, and a 1953 automobile.

Real estate in which was listed a 3000 Puritan residence, was not valued.

Dr. Shumate, who left no formal will, is survived by his wife, Desmore Shumate, and two daughters.

Mrs. Hunt

1954, has been filed in Lancaster County Court.

The traditional Maundy Thursday ceremony of the Lincoln Chapter of Rose Croix was held at the Scottish Rite Temple with Dr. C. Vin White giving the address.

The "extinguishing of the lights" and "mystic feast ceremony" was followed by a luncheon at the Temple for attending Scottish Rite Masons.

Easter services will be held at 8 a.m. Sunday with the "relighting of the lights" at the Temple. John E. Curtiss, KCHC, will give the address. Herbert C. Henderson, wise master of the chapter, is in charge.

YOUNG MOTHER ACCUSED

Brother Names Sister In Bludgeon Murder

HOUSTON, Tex. (P)—A brother Thursday accused his pretty sister of brutally slaying a Baptist minister's widow when she wouldn't tell where her money and diamonds were hidden.

Both Jimmie Baker, 23, and his sister, Mrs. Evelyn Watson, 24, were charged with murder in the Feb. 15 bludgeon death of Mrs. Lucille Quarles, 46.

Mrs. Quarles' body was found in a blood-stained bathroom of her home. Several small footprints were the only clues the killer left.

Bent On Robbery

Baker told police he and his sister went to the home of Mrs. Quarles to rob her.

When the woman wouldn't tell where she kept her several thousand dollars worth of valuables, Baker said, his sister beat her with a pistol.

The youth led officers to a gun buried near Ft. Hood, 170 miles away, and told them that was the weapon used to slay the widow of the Rev. Lewis Quarles. He said diamond rings taken from Mrs. Quarles were also buried in that vicinity.

Mother Of Four

Mrs. Watson, mother of four children, is married to a sergeant stationed at Ft. Hood.

The sergeant, Grady E. Watson, said he believed his wife knew Mrs. Quarles "only slightly" and that she once tried to buy furniture from the preacher's widow.

He said at the time of the slaying he was on maneuvers. He said his wife spent that time with relatives in Houston.

Shortly after the slaying, a Dallas evangelist was questioned. He was released after a series of lie detector tests.

Store Sales Drop

OMAHA (P)—Department store sales in Nebraska in the week ended March 26 were down 6 per cent from the corresponding week last year, the Federal Reserve Bank said. Nebraska sales, however, held a 2 per cent gain over 1954 for the Jan. 1-March 26 period.

CHARM TIPS
by
Caroline Leonetti

- Charm Tips
- Current Fashions
- Make-Up Hints
- Party Suggestions

Few women possess the grace, beauty and charm of Miss Leonetti. Expert in the art and science of cosmetics, figure care and feminine psychology, Miss Leonetti is most of all an entertaining teacher. In modeling, posture, speech, styling and party-giving, women all over America heed her hints and profit from her training.

You are invited to write directly to Caroline Leonetti — 6607 Sunset Blvd., Hollywood 28, California, for analysis and suggestions which will be sent by return mail.

Charm Tip of the Day

Hair Styling ...
The most important rule in hair styling is never to conform to the shape of your face, except the oval. Repetition of the same shape in your hair style will only exaggerate the shape of your face. The long face should use a low or no part at all with fullness at the sides; the short face should use an off-center part with a high and low point and smooth at the sides.

**Second Victory**

Dee Haas, Northeast hurdler, comes over the last barrier in a 120-yard flight well ahead of

teammate Dick Beachell. Haas won the event in a dual track meet with Beatrice Thursday to

score his second hurdle win in three meets this spring. (Star Sports.)

Pirates' Purkey Loses Two Hitter 2-1

DANVILLE, Va. (AP) — Bob Purkey gave only two hits but the Baltimore Orioles took advantage of his wildness and an error Thursday to ring up a 2-1 exhibition victory over the Pittsburgh Pirates.

Joe Coleman and Bob Alexander teamed up on the mound for the Orioles, permitting four hits between them. Coleman got credit for the victory.

Baltimore (A) 000 000 110—2 2 1

Pittsburgh (N) 000 000 010—5 9 2

Coleman, Alexander (7) and Smith; Pritchard and Peterson. W—Coleman.

Giants Tie Series With Indians, 6-5

KNOXVILLE, Tenn. (AP) — The New York Giants defeated the Cleveland Indians 6-5 before a standing-room-only crowd of 7,834 here Thursday. The two teams wound up their spring series all square at nine victories apiece.

The Giants take on the Boston Red Sox for the next three days, while the Indians, resting today, complete their exhibition season against the Milwaukee Braves Saturday and Sunday.

New York (N) 100 000 041—6 11 1

Cleveland (A) 104 000 000—5 9 3

Gomez, Corwin (7) and Westrum; Garcia, Wright (8) and Foiles. W—Corwin.

Home runs—Cleveland, Renshaw, Kiner, New York, Hofman.

Phillies Win 4-3 In Extra Inning

PORTSMOUTH, Va. (AP) — The Philadelphia Phillies jammed over a run in the 10th inning Thursday to score a 4-3 victory over the Boston Red Sox as the two teams wound up their spring training series here.

The Phillies scored two runs in the ninth inning to send the game into overtime.

Robin Roberts, the Phillies ace,

started for the Phillies and went seven innings in a tuneup for his opening game chores against the New York Giants next Tuesday.

Boston (A) 001 000 0—3 8 2

Philadelphia (N) 000 001 002 1—4 7 2

Sullivan, Hause (8) and White; Roberts, Miller (10) and Lopata. W—Miller. L—Hurd.

Home run—Boston, Zauchin.

Chisox Win Finale From Cards, 7-6

MEMPHIS, Tenn. (AP) — The Chicago White Sox, knocked into a tie by Stan Musial's homer in the ninth, rallied in their half for a 7-6 victory over the St. Louis Cardinals Thursday in the finale of their eight-game exhibition baseball tour.

The triumph gave the Sox an even break in the current series, but the Cardinals retained a 5-4 edge as the result of winning earlier in the Florida Grapefruit circuit.

The Giants take on the Boston Red Sox for the next three days, while the Indians, resting today, complete their exhibition season against the Milwaukee Braves Saturday and Sunday.

New York (N) 100 000 041—6 11 1

Cleveland (A) 104 000 000—5 9 3

Gomez, Corwin (7) and Westrum; Garcia, Wright (8) and Foiles. W—Corwin.

Home runs—Cleveland, Renshaw, Kiner, New York, Hofman.

Norfolk Wins 5-2 Over Kansas City

NORFOLK, Va. (AP) — Norfolk of the Class B Piedmont League jumped on Alex Kellner, the Kansas City Athletics' prospective Opening Day pitcher for four runs in the fifth inning and posted a 5-2 victory in cold dreary weather Thursday.

Kansas City (A) 000 010 001—2 4 1

Lorraine, Jones (6) and Tiefenbacher, Sami; Trucks, Martin (8), and Lollar, Courtney (4). W—Martin. L—Tiefenbacher.

Home runs—St. Louis, Virdon, Musial.

Lynchburg Beaten 9-1 By Cincinnati

LYNCHBURG, Va. (AP) — The Cincinnati Reds used four hits

along with two bases on balls, two errors, a wild pitch and a passed ball to score four runs in the first inning Thursday and went on to smother Lynchburg of the Class B Piedmont League, 9-1.

Cincinnati (N) 401 100 201—6 12 1

Lynchburg (PL) 000 000 000—1 4 10 2

Scantlebury, Fowler (5) and Bailey; Shaffer, Emery (4) Whitaker (7) Cray (8) and Donnelly, Ramsey (4). W—Scantlebury. L—Shaffer.

Home runs—Cincinnati, Bell, Greengrass.

Yanks Overwhelm Virginians, 17-4

RICHMOND, Va. (AP) — Home runs by Phil Rizzuto and Andy Carey highlighted a 21-inning battle between the New York Yankees and the Richmond Virginians of the International League 17-4 Thursday. Yogi Berra led the way with four straight tournaments in the winter tour.

Since then Burke, always among the money-winning leaders, seldom has been able to finish on top.

His last tournament victory was in Toledo's Inverness Invitational in 1953.

Northeast's Larry Hennings

threw the disc 143 feet 8 inches

on his third qualifying attempt to win the event. Jerry Sand of Beaumont hit 141-8 and Larry Fisher of Beatrice threw 139-4.

Sand reached 48-6 to win the shot put and Fisher had a 46-2.

Beatrice Cops Quarter

Northeast led in points after six events, but the shot-putting of Sand and Fisher plus a 1-2-3 finish in the quarter mile by Orangeman Dick Svoboda, Bill Peterson and Bill Hautzenroder put Beatrice ahead for good at 41-1-3 to 30-2-3.

In the early events, Beatrice's Bob Lammel had taken the broad jump and tied with Rocket Bob Els in the high jump. Northeast's Dee Haas led a Rocket sweep of the 120-yard high hurdles.

Harry Large, Northeast's ace sprinter, beat Bob Eyth of Beatrice in the 100-yard dash by a yard, and George Rolofson gave the Rockets another first by winning the mile in 4:57.

Mile to Rolofson

Rolofson, just returned from an

trip to California, ran a steady

race and took the lead with 200 yards to go.

The parade included a surprise

winner by Eyth over Large in the 220. Large, who lost last week

recorded time of 23.2 for the distance, slowed to 24 seconds and lost to Eyth's 23.6.

The three low scores of each school foursome were used for team totals.

Athletics Owner Denies Club's Cost 'Peanuts'

KANSAS CITY (AP) — A top official of the Kansas City Athletics said Thursday the American League club cost its new owners \$1,800,000 plus eight months hard work with "a lot more on the road ahead."

Optimistic Dresen Is Set To Win

By HERB ALTSCHULL

WASHINGTON (AP) — The Washington Senators' Chuck Dresen publicly agreed Thursday he is a popoff and declared: "We can beat anybody. There's no telling how far we can go."

Dresen, about to start his first season as manager of the Senators, told the Touchdown Club he has been impressed by last year's sixth place club and, although he didn't say so directly, implied Washington has an outside chance to win the American League pennant.

"I'm an optimist," Dresen said. "I told my players we'll win a lot more games playing my kind of baseball."

The manager of Brooklyn's pennant winners of 1952-53 said he had been asked where he thought the Senators would finish and that he replied: "Anything you start you can finish."

Can Beat Yankees

The questioner, Dresen said, then asked him whether that meant he could beat the New York Yankees, the Cleveland Indians and the Chicago White Sox. "I told him 'yes,'" said Dresen.

Dressen was presented with a chef's hat given by the Chefs' Assn., of Alameda, Calif., and he decked himself out like a baker for the luncheon.

"They call me a popoff," Dressen said. "Well, I guess I do, but when I do, I talk baseball. Sometimes, I have a good reason for it."

Clark Griffith, the 85-year-old owner of the club, backed up Dressen's "kind of baseball." He told the gathering that this season "you'll see games fought to the finish no matter what the score. This club will give you a run for your money."

Lexington Takes County Track Meet

LEXINGTON — Lexington and Sumner won the Class A and B championships in the Dawson County track meet.

In Class A Lexington scored 61½ points, followed by Gothenburg with 42 5/6 and Cozad with 36 5/6.

Summer's 76 points was followed by Farnam 42, Overton 14 and Eddyville 11.

Summer's Shoemaker set a Class B mile record of 5:03.2.

Results:

Class A
120-yard high hurdles—Perkins (L) 16.5; 100-yard dash—(L) 10.9; Mile—Shoemaker (L) 4:56.2; 220-yard dash—(L) 24.8; 440-McVicker (C) .57; 880—Dillimon (G) 2:09.3; 880 relay—Gothenburg 140.5; 180-yard low hurdles—Peek (G) 2:36.8; Shot—Berke (G) 45'; Discus—Dorsey (L) 127.9½; High jump—Berke (L) 5-8; Broad jump—Naviaux (L) 19.4.

Class B
120-yard highs—Dickerson (S) 11.3; 100-yard dash—McFarland (S) 10.9; Mile—Shoemaker (S) 5:02.2; 220—Marshall (F) 24.4; 440-Ritter (S) .57; 880 relay—(E) 2:18.5; 880 relay—Summer 142.6; 180-yard lows—Dickerson S 23.4; Shot—Welch (F) 39-4½; Poles—(F) 107-3; High jump—Dickerson (S) 5-3; Broad jump—McFarland (S) 19-0.

Stinson's Work Terrific In Loss

AUBURN — Tecumseh's Jack Stinson won the pole vault, broad jump and high jump, but Nebraska City edged the Indians, 71-64, in a triangular track meet. Host Auburn was third with 21 points.

Larry Stevens of Nebraska City won both hurdle races. Teammate George Peterson captured the 100 and 220-yard dashes.

60-yard highs—Stevens (N) 10.8; 200-yard dash—Peterson (N) 11.0; Mile—Finn (T) 5:17.9; 440—Chapman (N) 25.4; 100-yard lows—Stevens (N) 11.7; 880—Finn (T) 2:14.4; 220—Peterson (N) 23.6; 2-mile relay—Tecumseh 9:49.9; Mile—Hicks—City 3:56.1; 880-yard relay—Carter (T) 42.2; Pole Vault—Stinson (T) 10-6½; Broad Jump—Stinson (T) 10-6; Discus—Umland (T) 112-6; High jump—Stinson (T) 5-4.

Results:

100-yard highs—Dickerson (S) 11.3; 100-yard dash—McFarland (S) 10.9; Mile—Shoemaker (S) 5:02.2; 220—Marshall (F) 24.4; 440-Ritter (S) .57; 880 relay—(E) 2:18.5; 880 relay—Summer 142.6; 180-yard lows—Dickerson S 23.4; Shot—Welch (F) 39-4½; Poles—(F) 107-3; High jump—Dickerson (S) 5-3; Broad jump—McFar-

Nebraska A-Plant Request One Of Four Submitted To AEC

Federal Funds Available For Only Small Portion Of Costs

WASHINGTON (AP) — The Atomic Energy Commission announced with gratification Thursday that it has received four proposals to build electric power plants that would be run by atomic energy.

The plants would have a combined generating capacity of 455,000 kilowatts. They would be built in Illinois, Massachusetts, Michigan and Nebraska. They would cost about 150 million dollars in all, with the proposers bearing 80 to 90 per cent of the cost.

The AEC would share some of the expense, under what it calls its power demonstration reactor program. It has a fund of 75 million dollars "for general acceleration of the civilian power program."

Wider Participation

AEC Chairman Lewis L. Strauss said in a statement:

"We established this program last January in the hope that it would encourage wider participation in the development of nuclear power technology."

"Our aim was to advance the time when nuclear power will become economically competitive. The response we have received is most gratifying. The fact that four proposals have been made is, in itself, notable."

But the significant point is the extent to which the proposers are prepared to risk their own capital. This willingness to assume risks is evidence of the vigor of competitive enterprise. It is also another indication of this nation's faith in the peaceful future of the atom."

Amount Small

The amount of electrical capacity involved is comparatively tiny, less than one per cent of the country's present electrical generating capacity. However, the projects could have a significant effect on the future of the electrical industry, public and private.

The general areas of the proposed plants, their capacity and estimated dates of completion are:

* Chicago 180,000 KW, 1960; Western Massachusetts 100,000 KW, late 1957; Detroit 100,000 KW, late 1958, and Nebraska 75,000 KW, 1959. Three are to be built by private power groups and the Nebraska one by a public power district.

One Under Way

There is already under way, at Shippingport, Pa., an 84-million-dollar nuclear power plant which is a joint project of the AEC and the Duquesne Light Co. It may be making electricity sometime in 1957.

Also, Consolidated Edison will build an atomic power plant, using

Victory Claimed

HEIDELBERG, Germany (UPI) — The U.S. Army in Europe claimed "phenomenal" victory in its war on red tape. It said that—among other things—its four-month "Operation Paper Chase" will save 15½ million sheets of paper every year. Brig. Gen. Bruce Easley Jr., adjutant general, said savings from the project will "run into millions of dollars."

MOSCOW CHOICE

MOSCOW (INS) — The Soviet Union said Thursday it preferred to hold talks on Soviet-Japanese relations in Moscow or Tokyo, rather than New York as Japan has suggested.

A statement on Moscow's position on the site of the proposed talks was read at a news conference by Leonid Ilyichev, press chief for the foreign ministry.

Ike Signs German Rearming Treaty

WASHINGTON — President Eisenhower, who had a big hand in crushing Nazi Germany's military machine 10 years ago, Thursday signed the Paris treaties on rearming West Germany as a member of the North Atlantic defense pact.

This is what we have been working for a long time," he said.

The President addressed his remark to Secretary of State Dulles, who also signed the agreements at a simple ceremony in Eisenhower's White House office.

Asserting that "this is the biggest treaty signing I've ever had," Eisenhower told Dulles with a smile that it was "a little like the old days when certain heads of royalty had to be present at the christening."

NATO

One of the treaties, which Dulles helped frame in conferences at London and Paris, admits the Fed-

eral Republic of Germany into the North Atlantic Treaty Organization. The other restores its sovereignty and gives it the right to rearm, under limitations imposed by a third treaty.

Only the first two treaties required ratification by the U.S. Senate. Belgium and Luxembourg completed their parliamentary approval of the Paris package agreements Wednesday and only Denmark and the Netherlands have yet to act in parts of the

agreements.

By coincidence, a delegation of nine members of the West German Parliament arrived in Washington

at almost the moment of the Eisenhower-Dulles signing to discuss laws and arrangements needed to set up the new German armed forces.

Small Navy

Plans call for a West German army of 12 divisions, an air force of 13,000 defense-type planes, and a small coastal navy. It will take

Pie crust the
easier Wesson way
...just stir and roll

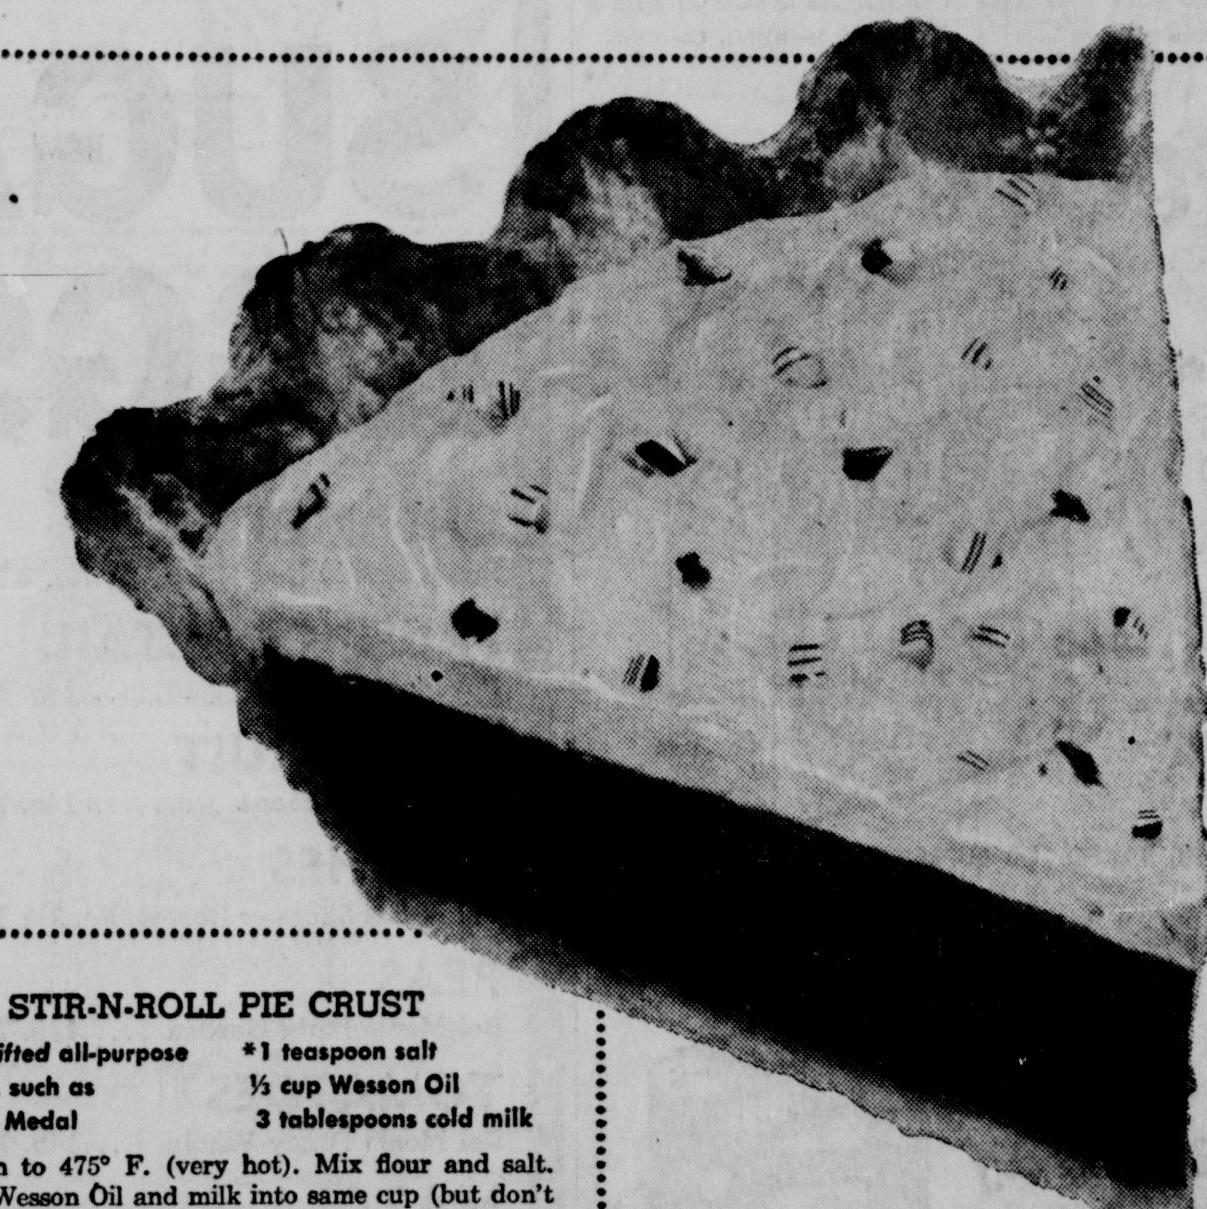

No cutting in shortening

Stir four simple ingredients together—light, delicate Wesson Oil, milk, flour and salt. No messy solid shortening to dig out or cut in. Wesson pours to measure. Easy and accurate. Stirs in quickly. Even beginners make flaky, tender pie crust this easy Stir-N-Roll way.

No messy floured board

Roll dough neatly between waxed papers. You'll like the way Wesson makes pie crust—so good tasting. Pure, mild Wesson Oil keeps all of its fresh delicacy at hot, high pie-baking temperatures. So your Stir-N-Roll pie crust has delicate, flaky texture and delicate flavor.

STIR-N-ROLL PIE CRUST

1 1/2 cups sifted all-purpose flour, such as Gold Medal
*1 teaspoon salt
1/3 cup Wesson Oil
3 tablespoons cold milk

Heat oven to 475° F. (very hot). Mix flour and salt. Measure Wesson Oil and milk into same cup (but don't stir). Pour all at once into flour. Stir until mixed. Press into ball. Flatten slightly. Place between 2 sheets of waxed paper, 12" square. Roll out gently to edges of paper. Dampen table top to prevent slipping. Peel off top paper. If dough tears, mend without moistening. Lift paper and pastry by top corners. Place paper-side-up in 8- or 9-inch pie pan. Peel off paper. Ease into pan. Flute edge. Prick pastry thoroughly with fork. Bake 8 to 10 minutes.

*If you use self-rising flour, omit salt; bake at 425° F.

CHOCOLATE WHIPPED CREAM PIE

Fill baked pastry shell with your favorite chocolate filling (use a prepared filling, if desired). Chill in refrigerator. Spread top generously with whipped cream. Sprinkle with crushed peppermint stick candy. Chill in refrigerator until ready to serve.

None finer, lighter or fresher

Wesson Oil

America's Favorite Liquid Shortening

WISHING WELL

By William J. Miller

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer
(Distributed by International News Service)
About tall time those senatorial
quizzing posse invited me to
one of their ignorance tests.

They had Barnaby Baruch down
for a slide on the rug. They
didn't know Barney had his
listening bug in neutral.

Barney has the only ear-phone in the metropolitan area that hasn't been tapped this winter.

While Barney was talking the market made gentle waves of chalk on the fever chart. Last month the committee quizzed a professor of economics and Wall Street sluffed off seven hundred thousand million biscuits.

There's so many ciphers in seven billion dollars that the brakeman walks a mile to hang a red lamp on the decimal point.

QUIRKS

CINCINNATI—The Kroger Co. held a grand opening for one of its new stores, but it didn't know it was going to be such a booming success.

A bulldozer, leveling a new parking lot space at the rear of the store, bumped into the structure. The entire real wall and part of the roof went—collapsed.

No one was hurt. But startled bargain shoppers agreed that it was the grandest opening they ever saw.

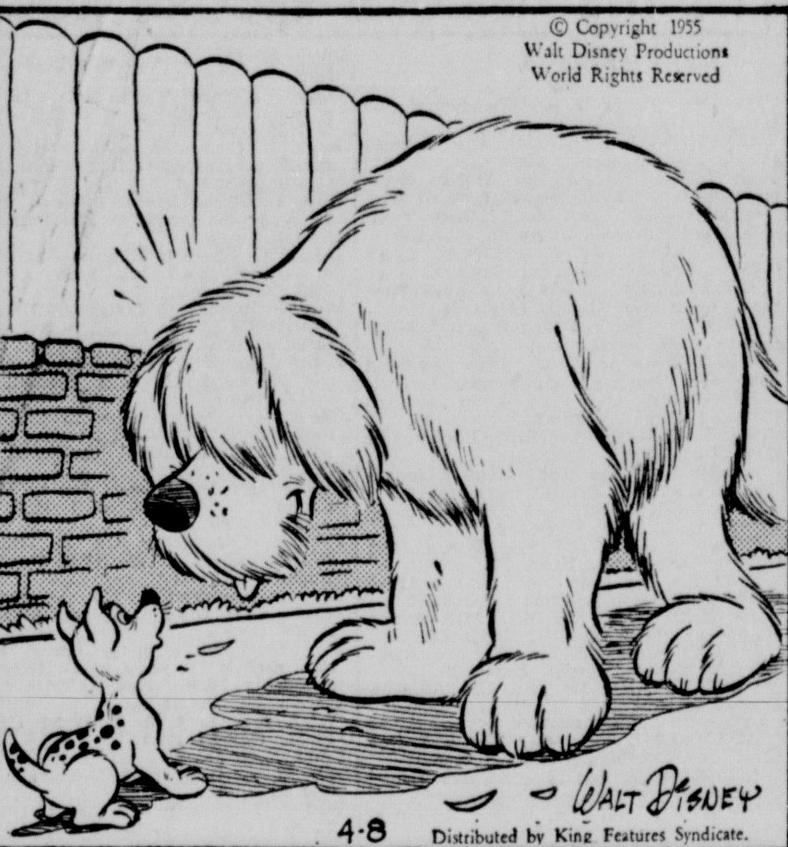

We know stock is something you buy because you want to sell.

A margin is an edge. That's what the broker has on you.

Outside of that, everything is peaches in the pie and the cane you get.

Chemicals, Rails Push Stocks Up

NEW YORK (P) — Strength in chemicals and railroads provided the mainstay Thursday for an advance in the stock market. Chemicals were the first to show promise, and the railroads came to the fore later in the session.

The final hour witnessed a cut back in the best gains as traders lightened their holdings for the long weekend over good Friday. All commodity and security markets will be closed Friday.

The rise carried to between \$2 and \$4 at the outside while losses of \$1 to \$2 were found in a few key places.

Up with the chemicals and "airlines" were the stocks of steel, auto parts and utilities. Motors were steady along with copper. Other divisions were mixed.

The Associated Press average of 60 stocks was up \$1.00 at \$161.80. It was ahead 30 cents Wednesday.

The cost component of the average was up 60 cents while utilities ahead 30 cents, and railroads advanced \$1.50 to the new high since 1929 of \$126.81.

The market was only 80 cents under the March 4 record peak. It was right after the average reached that time it fell away in a major reaction for six days. Thereafter it began a straight up recovery.

Volume amounted to 2,330,000 shares, the highest since 2½ million shares traded Wednesday.

The American Stock Exchange listed slightly higher on the day.

Volume was up 60 cents with 180,000 shares traded Wednesday.
